Apologies: Corinne Hayes, Nigel Lawrence, Srinivas Gandrapu

1.	Introductions and welcome Janet asked everyone to introduce themselves and welcomed the new surgeons.	
2.	<p>New NHS Structure and how the network fits in</p> <p>This network sits under the Maternity and Children’s Strategic Clinical Network. The network would offer commissioning advice to the CCGs and share clinical best practice. It was noted that paediatric surgery was often not on the commissioner’s horizon.</p> <p>This network would have a page on the Maternity and Children’s Strategic Clinical Networks site.</p> <p>Nationally Paediatric surgery was being discussed by BAPS and RCS. Janet was involved in these discussions.</p> <p>UHB is the SW Paediatrics Trauma centre and there is a Trauma team leader phone number for referrers:</p> <p>0117 342 0906</p> <p>This number was manned 24/7. Jenni Fryers is the paediatric trauma nurse lead. This number must be available in A&E for all referrers. Laminated posters were suggested.</p> <p>The meeting requested that the Network highlight when any new guidance relating to paediatric general surgery was published to all its members.</p>	<p>Presentatio n attached</p> <p>Ruth Hall</p> <p>Janet Mc</p> <p>Ruth Hall & Janet Mc</p>
3.	Surgical Guidelines (attached)	Attached
