## Recommended Summary Plan for Emergency Care and Treatment (ReSPECT) is now available:

The Resuscitation Council has published new documentation and information providing personalised recommendations for a person's clinical care in a future emergency in which they are unable to make or express choices, including on CPR. The plan is to build a network of adopter sites, to enable the gradual introduction of this approach. Find out more [here](#)

### NCPC launches a new educational resource "Homeward Bound":

The playwright, [Brian Daniels](#), has developed a play by drawing on the experiences of Seth's and Lesley's journey of a pancreatic cancer diagnosis to the end of life. Based on the original content of a set of letters, with some generalisation it portrays their story and how it might have been different. A work book supports the DVD and makes it the ideal resource for hospitals, trusts and universities to highlight the need for understanding of individuals in EoLC issues.
