

# Improving Access to Psychological Therapies

ERG Meeting – 10 July

Ian Bramley

Innovation and Development Manager

# Health Education England ...

Health Education South West

... exists to improve the **quality of care** delivered to patients by focussing on the **education, training and development** of **current** and **future** healthcare staff.

... through 13 **Local Education and Training Boards** (LETBs) responsible for the training and education of NHS staff both clinical and non-clinical within their area.

# Health Education South West

Health Education South West

## **Managed by a Governing Body**

- Chaired by Jane Barrie OBE
- Representation from NHS Commissioners and Providers
- Independent Providers of NHS Commissioned Care
- Higher Education Providers
- Adult Social Services

## **Two Membership Councils**

- Influence the Governing Body to ensure the views of members are properly reflected in the plans and priorities of Health Education South West.
- Generate ideas for transformational change in the healthcare workforce

# Education and Quality Team

Health Education South West

- **Clare Chivers** – Health Dean
- **Rachel Wylie** – Future Workforce
- **Amanda Shobrook** – Bands 1- 4
- **Ian Bramley** – Current Workforce

# HEE Mandate Deliverables

Health Education South West

- support NHS England in the service transformation of child and adolescent mental health services through Children and Young People's IAPT (2.18).
- support delivery of the IAPT programme, working with NHS England to ensure that there are sufficient therapists and other staff with the right skills to achieve future service expansion in support of the Government's commitment to meet the 15% access and 50% recovery target and the targets of 75% of people treated within 6 weeks and 95% within 18 weeks of referral (4.5, 4.7 and 4.8).
- work with partners to support an appropriate skills mix so that early intervention in psychosis, liaison psychiatry and IAPT services enables access to the full range of evidence based therapies recommended by NICE (4.11).
-
