South West Strategic Clinical Network
Mental Health, Dementia and Neurological Conditions

On 16th January 2014 1st Crisis Collaboration conference was held

What you said you wanted

1. To hear more from some of the projects presented on 16.01.14 (CORE peer support workers study, Street triage Devon)
2. Hear more about IT used in Sunderland and other teams
3. Email group, website to aid communication and sharing
4. Hear about good practise examples across the South West

South West Strategic Clinical Network
Mental Health, Dementia and Neurological Conditions

What we did

- Programme today includes the Devon street triage and IT from Bighand
- Core study has been delayed
- Website – SCN will be up in 2 weeks.
www.Mentalhealthpartnership. DVD of 16.01.14 will be on both website

South West Strategic Clinical Network
Mental Health, Dementia and Neurological Conditions

What we will do

1. Future Crisis collaboration conferences will include good practise across the SW (particularly substance misuse and ambulance services), CORE study etc.
2. Email chat facility on SCN website?
